

CONTENTS

The Marine Biological Association of Hong Kong	v
<i>Asian Marine Biology</i> — Editorial Board	vii
Instructions to Authors	viii
Editorial	xiii
An analysis of feeding aggregations in intertidal muricids: species-specific modes of foraging — initial predation and parasitism <i>So Ishida</i>	1
Trace metal concentrations in <i>Lates calcarifer</i> from the northeastern Bay of Bengal, Bangladesh <i>Swapon Kumar Nath, Md. Shanadat Hossain and Yusuf Sharif Ahmed Khan</i>	15
Spatial and temporal distributions of <i>Dendronereis pinnaticirris</i> and <i>Neanthes glandicincta</i> (Polychaeta: Nereididae) in the organically-enriched mudflat of Deep Bay, China <i>Lizhe Chai, Tianling Zheng, Junda Lin, Li Ma, Yang Gao and Peng Lin</i>	25
Tanaidaceans (Crustace: Peracarida) from Thailand: new records and new species <i>Roger N. Bamber, Graham J. Bird and Saowapa Angsupanich</i>	35
Epibentic community development on an experimental pulverised fuel ash (PFA) artificial reef <i>Katherine K.Y. Lam</i>	71
Seasonally-varying competitive hierarchy of sessible invertebrates on an artificial reef <i>Katherine K.Y. Lam</i>	91
First investigation of the biodiversity of marine sponges associated with coral reef habitats in the Eastern Gulf of Thailand <i>Sirusa Kritsanapuntu, Nilnaj Chaitanawisuti, Thammasak Yeemin and Sumet Putchakan</i>	105
Population dynamics and secondary production of <i>Neanthes glandicincta</i> (Polychaeta: Nereididae) from a subtropical mudflat <i>P.K.S. Shin</i>	117
Growth and allometry of two horseshoe crab species, <i>Tachypleus tridentatus</i> and <i>carcinoscorpius rotundicauda</i> (Xiphosura), in Hong Kong <i>Helen M.C. Chiu and Brian Morton</i>	129

Contents

The distribution of <i>Nassarius festivus</i> in Hong Kong with a description and hydrographic analysis of three study sites at Starfish Bay, Tai Tam Bay and Tai Mong Tsai <i>K. Chan and Brian Morton</i>	143
A survey of the abundance and distribution patterns of the spherical sponge <i>Cinachyrella australiensis</i> Carter, 1996 on an intertidal rocky beach at Sichang Island, inner part of the Eastern Gulf of Thailand <i>Sirusa Kritsanapuntu, Nilnaj Chaitanawisuti and Thammasak Yeemin</i>	163
